

Broom Barns School Stevenage.

Parental permission for local trips

From time to time class teachers wish to take their class on short outings during the usual school hours in the local area. There are no costs involved with these local walks and are never very long. They might be trips to the woods, library, shops etc. The correct adult to child ratio is always maintained and it would help administration in school if you could give your permission for your child to take part whenever they are arranged. We would not have to seek your signed permission each time which would be much simpler. You will always get at least 24 hours notice of each outing. The teachers will post a notice on the classroom doors with the relevant information.

These permission slips need to be stored in each class visit file so we need one for each child in your family.

If there are costs involved or any kind of transport then separate permission will be sought.

Child's Name.....

Class.....

I give permission for the child in my care to take part in school trips to the area around school.

Signed.....(Parent/Carer)
