12th November 2020

Dear Parents and Carers

I would like to take this opportunity to thank you for supporting the school during this difficult time. I am sure you will appreciate the hard work the staff put into informing everyone as soon as we heard about the single positive case of Covid-19 within the school community.

We are now in the position where we can clarify some points.

- After contacting and strictly adhering to the advice from Public Health England, all those who had been in close contact with the individual positive case were contacted and are self-isolating.
- Public Health England letters were sent out as soon as possible.
- The term 'school community' encompasses the school administrators, teachers, staff members and pupils at the school.
- Notifications are sent out regularly to remind everyone to observe the COVID19 regulations such as social distancing and wearing face masks. Our priority is to ensure the school community remains as safe as possible.
- The school follows all of the government guidance and all additional measures are in place.

I would like to reassure you, the school has remained open since March and this is the first positive case within the school. Please be patient with us as this is our first case and we are making sure all the government guidelines are being adhered to.

If we all keep working together and observe all the covid-19 restrictions, we hope to get through this unprecedented time soon.

Yours sincerely

Mrs Currant
