## P.E. Intent, Implementation and Impact Statement

### Intent

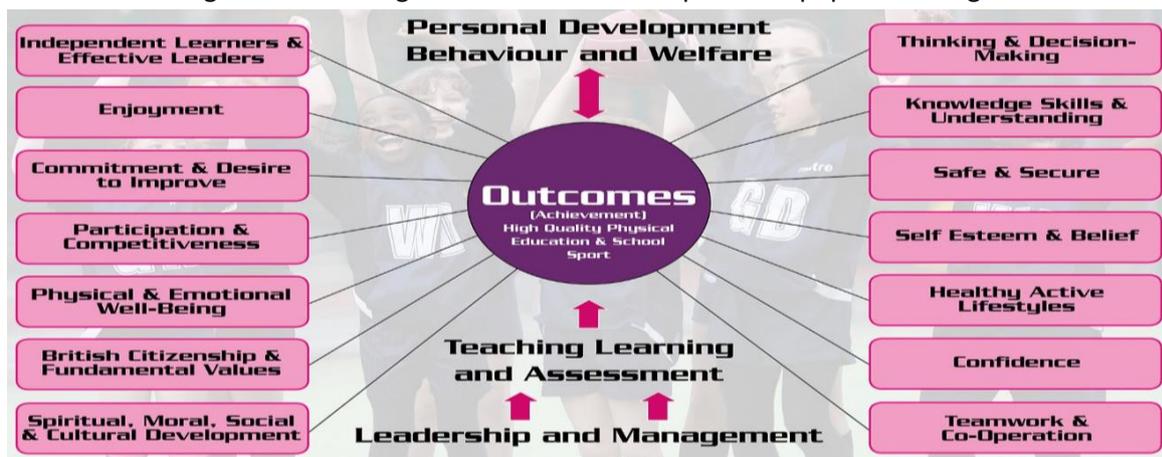

It is our intent at Broom Barns School to teach pupils the skills that will positively impact on their future. We aim to deliver high-quality teaching and learning opportunities that inspire all students to succeed and enjoy physical activities. We believe that through PE pupils will gain all the tools to become R.I.C.H and we aim to embed life-long values and love for PE and healthy lifestyles. Pupils are expected to achieve in their lessons and make good progress across the subject.

### Implementation

Pupils at Broom Barns participate in high quality PE lessons twice a week. Our PE curriculum includes a variety of sports to ensure all students have the chance to develop their skills, gain confidence and find a sport they love. We provide opportunities for all pupils to engage in extra-curricular activities, before, during and after school, in addition to competitive sporting events and WOW days. We have an inclusive approach that creates opportunities for every pupil to participate and achieve. We aim to encourage not only physical development but also physical, health and social well-being. Through well-structured, fun and high quality teaching and learning pupils will engage in lessons and thrive in their learning environment.

### Impact

Our PE curriculum aims to improve the skill base, knowledge wellbeing and fitness of all not only through the sporting skills taught, but also through the values and disciplines, PE promotes. We believe that good PE teaching can lead to the development of pupils in a range of different ways

Our impact is to motivate students to use these underpinning skills in an independent and effective way in order to live happy and healthy lives.
