

# Opportunities to be R.I.C.H in our curriculum – Design and Technology

- Generate ideas, considering its purpose for its design.
- Understand that making mistakes is how we learn.
- Treat your peers and other cultures with a growth mind-set.
- Work collectively to support your personal and your peers' learning.

- Choose and use resources to support your learning.
- To carefully measure and select from and use a wider range of materials and components.
- Develop ideas through talk and communicate aspects of design.
- Select tools and techniques for making a product.

- Use hand tools safely and appropriately.
- Apply basic practices when doing practical activities.
- Choose an appropriate method to create models.
- Evaluate final products in a constructive way.

- Ask questions to create a prosperous learning environment.
- Share ideas and designs to help yourself and your peers.
- Accept challenges and use them as an opportunity to boost your learning.
- Recognise when something is too challenging and seek support.
