

# Opportunities to be R.I.C.H in our curriculum - Maths

- Understand that making mistakes is how we learn.
- Use a growth mind-set in relation to maths.
- Explore and find solutions to problems in collaboration with your peers.
- Use strategies to help you when you are stuck.

- Choose and use resources to support your learning, including manipulatives.
- Use feedback to improve your mathematical skills.
- Reflect on your learning.
- Set yourself achievable goals.

- Attempt to use the correct mathematical vocabulary.
- Explain your mathematical thinking to peers and teachers.
- Grow and develop an interest in learning about maths.
- Become an assertive learner who makes clear decisions.

- Be a curious learner and ask questions to improve your understanding of maths.
- Accept challenges and use them as an opportunity to improve your maths.
- Recognise when something is too challenging and ask for support.
- Work hard to become an expert in maths.
